

# WELCOME TO THE DILL'S ATLANTIC GIANT PREMIUM SEED LIST FOR 2016

The Dill Family is very pleased to offer select seed from these exceptional Atlantic Giant Pumpkins, Show King Squash and Field Pumpkins. We would like to extend a heartfelt thanks, not only to the growers who supplied us with seed this season but also to those growers whose names appear in the successful crosses from previous years, to produce these specimens. Some of these crosses are rare and others new and exciting for the future. Remember – it all starts with you, the grower, before any seed is sown, to make it happen, for this to grow and evolve to where it is today!
